Wedding Planning Calendar

We've included a timeline and check-list covering some key points to help you prepare for your wedding. We hope it will help provide some peace of mind over the next few weeks, from getting your dress sized to sending out invitations. Our dedicated wedding experts are always happy to help if you have any questions.

3-4 WEEKS BEFORE

- Have final gown fitting. Bring your maid of honor along to learn how to bustle your dress. Have the dress pressed and bring it home.
- Call all bridesmaids. Make sure they have their gowns ready for the wedding. Confirm that any alterations have been made to the groom's tuxedo and that it is pressed.
- Make final adjustments and confirm plans with partners including: florist, photographer, videographer, DJ/band, etc.
- Make sure that guests coming from out of town or overseas have visas, plane tickets and hotel reservations.
- Contact your witnesses for the marriage ceremony to reconfirm their availability and remind them about any sartorial requirements.
- Go shopping for outfits and other items you will need for your honeymoon.

2 WEEKS BEFORE

- Review final RSVP list and call any guests who have not yet sent a response.
- Give your Fairmont wedding planner the final guest list. Include others, such as the photographer or band members, who will also need to be fed. Double-check how many extra plates the hotel will prepare.
- Deliver must-have shot lists to your photographer and videographer. Specify which family members or friends should be included in formal portraits and determine when portraits will be taken.
- Deliver final song list to your DJ or bandleader. Include special song requests as well as songs you don't want played.
- Get your last prewedding haircut and color. Also devote some attention to taking care of your hands with regular moisturizing as well as manicures and pedicures.
- To ensure the safekeeping of the valuable gifts you will receive during your wedding, rent a safe deposit box at your bank.

1 WEEK BEFORE

- Supply location manager with a list of vendor requests such as a table for DJ or setup space needed for a florist.
- Sit down with your Fairmont wedding planner to draw up the reception seating chart so they can print place and table cards, or send the finalized list to the calligrapher.
- Put together your Bridal Emergency Kit with useful things you might need at the last minute like spare lipstick, mascara and blush, plus needle and thread, bandaids, aspirin and other items that could come in handy in a pinch.

2-3 DAYS BEFORE

- If you need to, have your gown pressed or steamed again. Make sure the groom goes for a final fitting and picks up his formalwear if he hasn't already.
- Check with the best man to make sure all groomsmen attend fittings and pick up their outfits.
- If you are giving guests disposable cameras, favors and any other items for setting the tables make sure to deliver those to your Fairmont wedding planner.
- Reconfirm final details with all wedding professionals, including: florist, photographer, videographer, DJ/band, etc. Discuss any necessary last-minute substitutions.
- Assign a family member or attendant to be the photographer's contact so he/she knows who's who. Also designate someone to pack up your gifts/belongings after the reception (don't forget the top tier of your cake!).

DAY BEFORE

- Provide your Fairmont wedding planner and all wedding professionals with an emergency phone number to call on the day of the wedding.
- Visit the Willow Stream Spa for a relaxing massage, manicure and pedicure, plus make sure to reconfirm your hair and make-up appointments.
- If there are people you will need to tip, get the envelopes ready now. Since people are definitely going to stop the bridal car, prepare some envelopes with small amounts in them now.
- Check on the decorations for the bridal car and also reconfirm when and where it should pick you up.

DAY OF

- Start the day with a delicious and relaxed breakfast. Have a last visit with your fiancé.
 - Go to Willow Stream Spa for your hair and make-up appointment.
-
